YOUNG AT HEART

FALL 2017

YOUNG AT HEART 2017

TOOLS FOR TURBULENT TIMES

Welcome to Young at Heart!

The mission of Young at Heart is to provide friendship, fun and spiritual nurture (or growth) for adults 50+. As seniors, our life roles have shifted from building strong foundations for our families to standing tall and bold in our faith as an example and model for the next generations. Our world today is embroiled in spiritual and political chaos. What does the Bible teach us about how to live lives that please our heavenly Father in the midst of such turmoil?

This year, we will first search out precious insights from the Apostle Peter (1 & 2 Peter) who responded to the suffering of the early Christians with profound wisdom that still applies today. Just as the early church struggled against a pagan, persecuting society as they endeavored to spread the good news, so it is for us today.

Then we turn to the enduring truths found in the parables of Jesus. Through words straight from His heart, we learn the extent of God's love for us—a love that transcends time, enables us to overcome the harsh trials of this earthly life and provides welcome assurance for our eternal life with Him.

You are invited to embark on this journey to discover scriptural guidance for living a God-pleasing life in the 21st century as we await the glorious return of our Savior!
